Thread counts

We currently offer thread count from 400 to 1000.

What is a thread count?

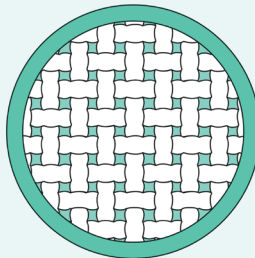

Thread count refers to the number of horizontal and vertical threads per square inch.

Generally, the higher the thread count, the softer the sheet and most likely it will wear well over time.

300 Thread Count

150 Vertical + 150 Horizontal =
300 Single-Ply Thread Count

900 Thread Count

150 Vertical + 150 Horizontal =
300 3-Ply Thread Count

PILLOWS FILLINGS

Hungarian

Goose down is a premium quality of down. The large fluffy clusters are wonderfully soft and their ability to trap air means, this duvet is amazingly light, warm & puffy.

Goose

Feather and down. The feather and down of goose is larger and therefore less filling is needed to be as thermally efficient, making the duvet light and puffy.

our product line..

DUCK

Down four-season duvet is filled with high quality Duck Down and is soft, puffy and luxurious.

EXCEED DUVET INNER

The exceed duvet are ultra-fresh, treated for anti-bacterial protection and are effective in controlling dust, mites and allergens that are known asthma triggers. Exceed fill retains its shape and loft, providing a superior level of warmth without weight. They are machine washable.

We make custom cushions according to your taste beginning with, but not limited to the type and quality of fabric, as dictated by the design and overall character of your living space. So, the end product is uniquely yours to own and enjoy.
